
Revive Clear

Premium Clarity. Instant Privacy.

Smart film performance at its most accessible. Revive Clear delivers 92% optical clarity — near-flagship transparency with the same instant privacy switching you expect from Revive Film Solutions. For commercial and residential spaces where outstanding clarity is essential but the demands don't require Pure-grade spec, Revive Clear is the smart, practical choice.

HOW IT WORKS

Revive Clear uses PDLC (Polymer Dispersed Liquid Crystal) technology retrofitted to your existing glass. Flip a switch, tap an app, or connect to your building's automation system — your glass goes from fully frosted to brilliantly clear in under a second.

- **Power OFF:** Frosted, private
- **Power ON:** 92% clear

KEY SPECIFICATIONS

Film Type	PDLC Smart Film
Optical Clarity (On)	92%
Privacy State	Fully frosted when off
Switching Speed	< 1 second
Lifespan	15+ years
Application	Retrofits to existing glass

WHY REVIVE CLEAR

- High optical clarity at a practical specification level
- Instant, full privacy with no moving parts or maintenance
- Reduces heat gain and UV exposure year-round
- Compatible with smart home and building automation systems
- 15+ year lifespan — built to last well beyond typical window treatments
- Clean, modern aesthetic — eliminates blinds and curtains entirely

IDEAL APPLICATIONS

- Corporate conference rooms and open offices
- Retail environments and storefronts
- Healthcare waiting areas and patient rooms
- Hospitality — hotel rooms, lobbies, spas
- Residential — home offices, living areas, sidelights and entry doors

See the difference 92% clarity makes.
